

# Applied Systems Thinking

FINDHORN  
COLLEGE

## Towards Sustainable and Resilient Solutions

### A modular course with **Tony Hodgson & Daniel Wahl** at **Findhorn Ecovillage near Inverness, Scotland**

*(Closer than you think! Regular overnight sleeper trains from London or a 1.5 hour flight to Inverness airport)*

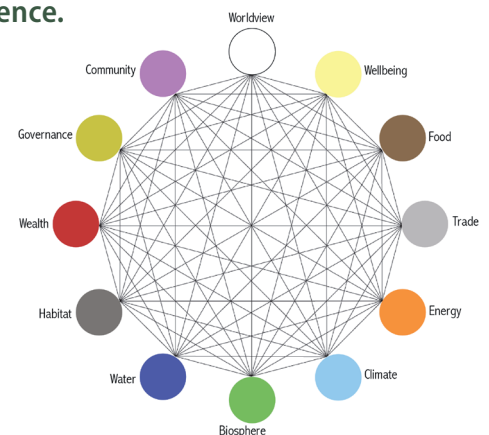

Learn to use systems thinking to weave synergies and win-win solutions out of complex challenges and opportunities. Live and study in a community which explores integrated sustainability and resilience.

#### 1 The Art and Science of Systems Thinking 24<sup>th</sup> – 28<sup>th</sup> April 2010

#### 2 Systems Thinking for Human Systems 5<sup>th</sup> – 8<sup>th</sup> June 2010

#### 3 Systems Thinking for Community Resilience 18<sup>th</sup> – 22<sup>nd</sup> September 2010

Applied whole systems thinking can offer a creative response to the diverse and interconnected challenges posed by the sustainability transition. In these workshops you will learn

- to develop the mental skills to see situations systemically
- to employ systems techniques to aid problem solving and decision making
- to facilitate group work within a systems framework
- to incorporate systems methods into your own daily practice

#### The course will be particularly useful for:

- Sustainable development leaders and advisors
- Consultants and others in the field of low carbon schemes
- Planners and policy makers on corporations, social enterprises and public services
- Educators interested in teaching thinking methods
- Transition project leaders and advisors

**Tony Hodgson** (left) is the World Modelling Coordinator for the International Futures Forum and the director of Decision Integrity Ltd. He has 30 years of experience as a consultant to major companies internationally.

**Daniel Wahl PhD** is a sustainability educator and whole systems design consultant. He holds degrees in biology, holistic science, and natural design.

**Cost per Module (can be booked individually):** £750 (corporate), £450 (private), £365 (student). Includes tuition, accommodation and meals. More information at → [www.findhorncollege.org/proftraining/appliedsystems.php](http://www.findhorncollege.org/proftraining/appliedsystems.php)
